- Area Description:** The ranch is located in eastern Arizona on the north facing slope of the Mogollon Rim 20 miles northeast of the Show Low/Pinetop area and just north of the Apache-Sitgreaves National Forest containing the White Mountains of Arizona. The Show Low area and the Apache-Sitgreaves National Forest is known for its many large ponderosa pines, large herds of elk and close proximity to numerous streams and lakes for trout fishing. The mountains are popular for many outdoor activities such as hiking, hunting, biking and camping. Also nearby is the Sunrise Ski Area on the White Mountain Apache Indian Reservation located less than an hours drive to the south. Sunrise has three downhill ski mountains with trails for all levels of experience. Honda Resort and Casino is also located on the Apache Indian Reservation just outside Pinetop approximately a 30 minute drive from the ranch. Honda Resort and Casino has a full casino, resort hotel, dining, entertainment and conference center.
- Water:** Livestock water is provided by eight wells, 19 stock ponds, one spring and Mineral Creek. Mineral Creek is a seasonal creek and typically only runs during the rainy season and during the spring from the winter snow runoff. Many of the ranch windmills have been rebuilt in the past two years. Two of the wells have submersible pumps run by generator. Well production ranges from 2-10gpm.
- Soils:** Rudd association: Well drained, shallow and very shallow, undulating gravelly loams and very stony loams formed in residuum from basalt.
Moenkopie-Sandstone rock land association: Well-drained, shallow and very shallow, nearly level to moderately sloping loamy sands formed in residuum from sandstone, and sandstone rock outcrops.
Tours-Jocity association: Well-drained, deep, nearly level to gently sloping clay loams and sandy clay loams formed in alluvium.
- Flood Zone:** Zone C, areas of minimal flood hazard except natural drainage areas which are Zone A, areas of 100-year flood hazard.
- Price:** \$1,100,000 – Cash
